Senior Quotes

- Submit through Naviance Survey
- Limit of 133 characters
- Send 2 quote options, in case your first quote is rejected
- Your quote must be in the original form
- **Attach with a link to a credible source**
- If both of your quotes are rejected by administration, you will NOT be notified and you will NOT have a quote in the book
- **Quote AND its context must be appropriate! (in other words do not select the one clean line from an inappropriate song)**
- We would like to receive your baby picture and senior quote before the start of the school year

Senior Quote Guidelines

Your quote must follow these guidelines set by **Administration**:

1. Verifiable and appropriate quotes from famous people, artists, authors or public figures (ex: Brainy quote).
2. Family members are acceptable (other than self) as long as these are appropriate.
3. Quotes from social media need to come from a verified account and be appropriate as well. Even if quotes come from famous people or artists, the appropriateness of the quote is still priority.
4. Only full-length quotes and statements are acceptable. Extracting a piece of a quote (out of context) will not be accepted.
5. If the connotation of the quote is deemed unacceptable, you will be asked to submit another quote.
6. Yearbook advisers and administration reserve the right to deny a quote from being included in the book. Failure to submit a quote by the deadline will result in no quote in the yearbook.

MEMES AND INSPIRATIONAL PICTURES ARE NOT ACCEPTED
